

The Air Zoo is seeking an experienced Director of Exhibits and Museum Programming: a person with an inspiring, motivating, “can do” attitude, a passion for positively impacting community through interactive exhibits, and a proven track record of consistently developing exhibits that attract and educate diverse audiences, incorporating technology and media in new, interactive, and unexpected ways. This key leadership position will lead all aspects of the Learning Experience function for the Air Zoo, which includes directing teams responsible for the exhibit floor experience, the artifact collection, and the museum programs. Your creativity and innovation will flourish while you are providing vision for, creating, and implementing the exhibit and program strategies for the Air Zoo; designing and delivering an engaging, inspirational and educational exhibit floor experience for guests of all ages; ensuring the care, security, and preservation of all artifacts in the Air Zoo collection; and expanding and diversifying the Air Zoo’s partnerships.
